

2017 Greenland ANG Shipping Requirements

Due to heightened security and military shipping requirements at both Stratton ANGB NYANG 109th AW LC-130 in Scotia, NY, it is imperative that all cargo transiting to Greenland by this method meet the required delivery timelines outlined below.

*****All cargo must be received at Stratton Air Base no later than 10 business days prior to the planned flight date. Cargo will NOT be accepted on the day of an ANG flight*****

Please ensure your cargo arrives in NY in time to process and ship to Greenland when it is needed. Cargo delivered the day of an ANG flight will be delayed due to customs and military processing requirements.

CUSTOMS

All cargo shipped to Stratton & Stewart Air Bases for delivery to Greenland must be **registered** (examined and certified) with U.S. Customs & Border Patrol (CBP) before it can leave the country. Registration options are:

1) Self-registration (Optional for Scotia shipments)

Completed by the researcher or a representative at home institution prior to shipping to CPS. If self-registering, ship cargo so that it arrives at Scotia at least **10 business days** prior to the scheduled ANG departure flight.

2) CPS registration

CPS arranges CBP to register the shipment once cargo on-site at Scotia, NY. Shipper must provide 3 copies of CBP-4455 to CPS NY Office. Cargo must be received **3 weeks** prior to the scheduled ANG departure flight.

See "2017 ANG Shipping, Customs Instructions" for more detailed information.

HAZARDOUS CARGO

All hazardous Cargo shipped via the NYANG to Greenland **MUST** be registered by CPS. CPS cargo representatives must be provided with advance notice, and cargo must arrive at least **3 weeks** prior to ANG flight date.
